Wednesday Afternoon Lecture

Nicolai Bachman, Sanskrit teacher and author, will present "What is Yoga Really?" His lecture will be held at 3:15 p.m. on Wednesday, April 30th, in the Junior Common Room, Peterson Student Center.

The Yoga Sutras of Patanjali is a masterpiece of Sanskrit literature, yet can be difficult to understand and apply. Many kinds of yoga are mentioned, all pointing toward the same goal of connecting our individual, changing, outer consciousness to our universal, unchanging, inner light of awareness. What does "practice" mean beyond the physical postures? Where does "mindfulness" fit in? How can inner quiet help us manage outer responsibilities?

Please note: There will be no student theater performance this week. The event has been rescheduled to Saturday, May 10th at 7:00 p.m. and Sunday, May 11th at 3:00 p.m.
