The Gengras Center Professional Academy Consultation Team

The Gengras Center of Saint Joseph College is now offering consultation services. Our highly trained multi-disciplinary team is available to districts and agencies state-wide for consultations on an as-needed or regular basis for special education programming assistance as well as staff training needs for in-service days.

Our consultation staff is available to districts and programs on Wednesdays or specific days upon arrangement with the program Director. For additional information, including how to arrange a consultation, please contact:
Melissa Noyes
