

PREREGISTRATION FORM

RETURN TO GI OFFICE IMMEDIATELY

Students are required to preregister for enrollment by completing and submitting the attached form. Pending timely receipt of the advance deposit, tuition, and other fees, your enrollment in that semester is guaranteed.

Segment assignments are made considering the following priorities: 1. continuing students in their final semester, 2. full-time students whose options are restricted, 3. part-time students, 4. returning graduates. If spaces remain in any semester after the deposit deadline has passed, they may be secured by late deposits on a first-come, first-served basis.

Enter your preferred segment for each future semester you plan to attend and check the campus on which you plan to enroll:
